

# INVITATION TO JOIN: 2018 Health Center Care Management Learning Stream

## WHAT

### is the Care Management Learning Stream?

The 2018 **Health Center Care Management Learning Stream** is an opportunity for health center care managers, and PCA/HCCN staff supporting their efforts, to join together in discussion, sharing, and learning around building care management models, including processes that support reimbursement for Centers for Medicare and Medicaid Services' (CMS) chronic care management (CCM) services.

The Care Management Learning Stream is a series of three learning forums to discuss models and best practices for care management of high-risk patients. Discussions will be facilitated by NACHC's Quality Center Director. Discussions will focus on identifying high-risk patients, defining the care management model, care manager-care team interface, creating individualized care plans, partnerships, graduating patients from care management, documentation, and billing.

Target Audience: Health Center Care Managers  
PCA/HCCN staff supporting health center care management

## WHEN

### is the Care Management Learning Stream?

The Care Manager Learning Stream is organized as a series of three discussion and learning forums that will take place over a span of six weeks. To register for the Learning Stream, individuals must commit to participation in all three forums.

Care Manager Forum #1: May 15, 2018, 2:00 – 3:00 pm ET  
Care Manager Forum #2: June 5, 2018, 2:00 – 3:00 pm ET  
Care Manager Forum #3: June 26, 2018, 2:00 – 3:00 pm ET

---

The registration deadline is April 30th  
Sign up at: <https://goo.gl/URVWrt>

## WHAT

### are the Learning Objectives?

1. To become familiar with evidence-based population health and care management interventions and the NACHC Value Transformation Framework's Care Management Action Guide.
2. To discuss action steps based upon care management interventions.
3. To learn how NACHC's Quality Center supports evidence-based activities to advance health center care management capability.
4. To engage in collaborative sharing and discussion with health center care managers and PCA/HCCN staff regarding care management models, strategies, and billing.

---

The National Association of Community Health Center's (NACHC) Quality Center supports health centers in delivering on the Quadruple Aim goals of: improved health outcomes, improved patient and staff experience, and reduced costs.

The Value Transformation Framework, developed by NACHC's Quality Center, gathers and organizes evidence-based and promising practices to transform a health center's infrastructure, people, and care delivery systems toward achievement of the Quadruple Aim goals. Additional information on the Value Transformation Framework can be found at: [bit.ly/nachcqualitycenter](http://bit.ly/nachcqualitycenter).
