

Community Health Centers & 340B

Name of health center:

City & State:

For 30 years, the 340B Program has provided critical resources that enable Community Health Centers to deliver affordable and accessible health care services to the most underserved and vulnerable communities. The 340B Program allows health centers to purchase outpatient medications at lower prices. Health centers reinvest the savings into activities that further the mission of improving patients' lives, as required by health center grants.

How does 340B help make medications affordable?

How does 340B help support health equity?

How does 340B help support your health center?

How have the contract pharmacy restrictions impacted your health center?
