The Health Resources and Services Administration (HRSA) is surveying health centers weekly to track their COVID-19 response and patient and staff impacts. They illustrate a snapshot of an unprecedented and evolving situation.

The National Association of Community Health Centers (NACHC) is tracking COVID-19 testing in health centers as of April 30, 2020.

## Total Reported as of April 30, 2020

- **Patients have been tested**: 255,116 → 80,696
- **Patients have tested positive**: 41,516 → 16,578
- **Staff have tested positive**: 3,467 → 494

## In the past week:

- **54%** of patients tested were racial and/or ethnic minorities
- **63%** of patients tested positive were racial and/or ethnic minorities

### Turnaround Time for Test Results

- **12 hours or less**: 0%
- **24 hours**: 20%
- **2-3 days**: 40%
- **4-5 days**: 40%
- **More than 5 days**: 0%
Health Centers' Access to Personal Protective Equipment (PPE) Improving, But Needs Remain

COVID-19 Results in Extreme Challenges to Health Center Operations, Staffing, and Budgets. This Week:

Health center weekly visits are down by about half²

12% of health center staff are unable to report to work due to COVID-19³

1,779 health center sites temporarily closed due to COVID-19

Source and Notes: Data presented in this fact sheet come from the Bureau of Primary Health Care, Health Resources and Services Administration, Health Center COVID-19 Data Collection Survey administered April 24-30, 2020. 1,038 (75%) of federally-funded health centers responded. Survey data are preliminary and do not reflect all health centers. Some duplication of patients tested from week to week may occur. For more information, please visit https://bphc.hrsa.gov/emergency-response/coronavirus-healthcenter-data.

1. Total reported refers to the number of respondents since the survey period starting on April 3, 2020.
2. Visits refers to all visits regardless of service type (e.g. medical, dental, behavioral health, etc.), including virtual visits; visits are at 54% of average of weekly visits pre-COVID-19.
3. Due to staff exposure, school closure, site/service closure, and other reasons.
