- Gowns: 12
- Gloves: 6
- Face Masks/Goggles: 2

COVID-19 Results in Extreme Challenges to Health Center Operations, Staffing, and Budgets. This Week:

- [INSERT PERCENT] of health centers conducted visits virtually
- [INSERT NUMBER] health center sites temporarily closed due to COVID-19
- [INSERT %] of health center staff are unable to report to work due to COVID-19
- Health center visits are at [PERCENT] of normal rates, which have been increasing slightly each week since April

Source and Notes: Data presented in this fact sheet come from the Bureau of Primary Health Care, Health Resources and Services Administration, Health Center COVID-19 Survey collected on [INSERT DATE], [INSERT NUMBER OF RESPONDING HEALTH CENTERS] of federally-funded health centers responded. Survey data are preliminary and do not reflect all health centers. Some duplication of patients tested from week to week may occur. For more information, please visit https://bphc.hrsa.gov/emergency-response/coronavirus-healthcenter-data.

1. Total reported refers to the number of respondents since the survey period starting on April 3, 2020.
2. Visits refers to all visits regardless of service type (e.g. medical, dental, behavioral health, etc.), including virtual visits; visits are at [INSERT PERCENT] of average of weekly visits pre-COVID-19.
3. Due to staff exposure, school closure, site/service closure, and other reasons.
