The world has changed. Supporting you...your staff...your patients...your bottom line, requires different strategies.

**Elevate has solutions.**

## Focus Areas for 2022

**Value-Based Payment Models**

**Evidence-Based Health Center Systems**

**Community Partnerships and Co-Design**

**Catalyzing Policy Changes**

**Choose YOUR level of engagement.** The Elevate learning forum offers unprecedented professional development and peer-to-peer networking centered on systems change and advancing value-based care. And registration is **FREE!**

**Micro Learning.** Short (10 minute or less) instructional sessions that share strategies for 'how to' do something (e.g., how to segment your target population, how to incorporate Community Health Workers on your care team; how leadership can support a culture of psychological safety, etc.).

**Peer-to-peer sharing** by a cohort of health centers who performed in the top 20 nationally for six high-cost, high-burden conditions.
