Workshop Description

NACHC's Board Chair Leadership Program is designed for new health center boards chairs or those about to step into the board chair role at a health center.

This five-part virtual program will address the role of the board chair, the board chair-CEO partnership, board meeting facilitation, navigating conflict, board chair succession planning, and more. The Board Chair Leadership Program is designed to provide interactive and action-oriented learning experience through engagement with experienced board chairs, fellow participants, and subject matter experts.
