

Certificate Opportunities for Health Center Board Members

Health Center Board Members can earn recognition for their participation in various NACHC programs.

Designed for New Board Members

Board Member Boot Camp: An Introduction to Health Center Board Roles

Board Member Boot Camp is an introductory program designed for new board members; it is typically held prior to NACHC's [Community Health Institute](#) (CHI). Participants can earn a Certificate for each of Boot Camp's segments. Participants must have their badge scanned onsite and complete the evaluation for each part. Participants receive an email from "NACHC Online Support" which provides access to the Boot Camp Archives and allows them to download the Certificates under the "Evaluation" section.

Designed for All Board Members

COMING SOON! Certificate in Board Financial Oversight

Board Members will be able to complete NACHC's eLearning course on board financial oversight and how to read various financial statements. After completing five modules and two case studies, participants will be able to download a Certificate of Completion. Please contact trainings@nachc.com for more information.

NACHC Conference Sessions

NACHC typically offers a "Health Center Governance" track at [CHI](#) and the [Policy & Issues Forum](#) (P&I) featuring education sessions designed for health center board members. Board members can earn a Certificate for any education session that they attend. In-person participants must have their badge scanned after the session and complete the session evaluation. Virtual participants must complete the attention checks during the session and complete the evaluation. Attendees receive an email from "NACHC Online Support" that provides access to the conference archives; Certificates can be found under the "Evaluation" section.

Designed for Board Chairs (New and Incoming)

Board Chair Leadership Program

NACHC's Board Chair Leadership Program is designed for new health center boards chairs or those about to step into the board chair role at a health center. A Certificate is provided to those who complete all five virtual sessions. This program is typically offered once per calendar year. Registration is limited to ensure a small cohort-based approach. Please indicate your interest in receiving updates regarding this program [here](#).

Additional Information

- Please reach out to trainings@nachc.com with questions.
- More information on NACHC's Health Center Governance offerings can be found [here](#).
- Please note that NACHC formerly had a "Certificate in Health Center Governance" that was discontinued several years ago based on feedback that it was too time consuming to complete (31 hours). NACHC has since focused on offering Certificates associated with specific programs that are achievable (please see description above).
