

Beginning mid-2020, pharmaceutical manufacturers started overcharging covered entities (CEs) on 340B drugs shipped to CE contract pharmacies. This chart serves as a summary and timeline of these manufacturer restrictions.

*Updated March 4, 2024*

Manufacturer Name	Type of Restriction	Who it Applies to	Effective Date
Eli Lilly	Refusing 340B pricing for drugs dispensed at contract pharmacies; recent changes allow 340B pricing if CEs submit contract pharmacy claims data. Any covered entity that doesn't have an in-house pharmacy <u>can choose a single location contract pharmacy.</u> <b>UPDATE:</b> Need to submit data to <b>ESP to get 340B pricing at one contract pharmacy.</b> All CE's with or without an in-house patient pharmacy must designate one contract pharmacy location to bill to/ ship Lilly 340B priced drugs. Lilly recognizes all sites as one covered entity. CE's must register one single contract pharmacy designation and voluntary data submission by November 13, 2023, via 340BESP.com	All covered entities (CEs)	September 1, 2020 <b>Updated restriction effective:</b> November 16, 2023
AstraZeneca	Refusing 340B pricing for drugs dispensed at contract pharmacies. <u>May designate a single contract pharmacy</u> but <u>each parent site</u> can have one pharmacy site for itself. <b>UPDATE:</b> Moves admin of 340B contract pharmacy program to 340B ESP. Covered entities	All CEs	October 1, 2020 <b>Updated restriction effective:</b> August 1, 2023

Manufacturer Name	Type of Restriction	Who it Applies to	Effective Date
	without an on-site dispensing pharmacy will need to select a single contract pharmacy location using the 340B ESP portal.		
<b>Sanofi</b>	<p><u>NEW for hospitals:</u> Refusing to ship 340B-priced drugs to contract pharmacies regardless of data submission to 340B ESP. If a CE lacks an in-house, can select 1 contract pharmacy. Doesn't affect CHCs.</p> <p>Refusing 340B pricing for drugs dispensed at contract pharmacies if 340B contract pharmacy claims data are not submitted. Any covered entity that doesn't have an in-house pharmacy <u>can choose</u> a single location contract pharmacy. If submitting data to 340B ESP, can choose unlimited contract pharmacies.</p>	<b>5 CE types: Consol, CHC, CAH, DSH, RRC, SCH</b>	<b>NEW</b> for hospitals: Effective June 1, 2023 October 1, 2020
<b>Novartis</b>	Refusing 340B pricing for drugs shipped to contract pharmacies <u>more than 40 miles away from hospitals' parent sites</u>	Hospitals only	November 16, 2020
<b>Novo Nordisk</b>	<p><u>UPDATE:</u> Will not allow hospitals to get 340B-priced drugs to unlimited contract pharmacies even if submitting to 340B ESP</p> <p>Previously, allowed hospitals to <u>designate two contract pharmacies to receive 340B drugs</u> (one specialty, one regular)</p>	Hospitals only	January 1, 2021 <u>New restrictions effective July 1, 2023</u>

Manufacturer Name	Type of Restriction	Who it Applies to	Effective Date
<b>United Therapeutics</b>	Phase 1: Orders for contract pharmacy drugs accepted only if CE made a “valid 340B purchase” during first three quarters of 2020. <a href="#">Phase 2:</a> Then, refusing 340B pricing for drugs dispensed at all contract pharmacies, unless CE submits claims data.	<b>All CEs</b>	Phase 1: November 20, 2020 Phase 2: December 1, 2021
<b>Boehringer Ingelheim</b>	Will ship 340B drugs only to CEs and their child sites. Any covered entity that does not have an in-house pharmacy <a href="#">can choose one contract pharmacy to receive 340B drugs.</a> <b>UPDATE:</b> BI will no longer provide drugs at the 340B price on drug shipments to contract pharmacies. Any CE that doesn’t have an in-house pharmacy can choose one contract pharmacy receive 340B drugs located within 40 miles of the parent site; cannot be a central fill pharmacy. Any CE that doesn’t have an in-house pharmacy capable of dispensing specialty drugs may also designate one (1) specialty pharmacy from within BI’s network to only dispenses OFEV at the 340B price to its patients. CEs must take action by <b>July 14, 2023</b> , to either designate or re-designate the single contract pharmacy location.	<b>Hospitals, CHCs</b>	August 1, 2021 <b>As of September 1, 2022: Includes health centers</b> <b>New restrictions:</b> Effective August 1, 2023
